Osaka Rubber Private Limited

<https://www.osakarubber.net/>

We "Osaka Rubber Private Limited" are the leading manufacturer and exporter of a wide range of Rubber Profiles, Butyl Tape, Neoprene Sheet, EPDM Membrane, etc.

About Us

Established in the year **1981**, we "**Osaka Rubber Private Limited**" are the leading **manufacturer** and **exporter** of a wide range of **Rubber Profiles, Butyl Tape, Neoprene Sheet, EPDM Membrane**, etc. Rubber component have been the mainstay of our business ever since it was set up.

The year 1995 saw the company enter a new phase with the manufacturing of new generation products as Butyl Sealant Tapes, Vacuum Bag Tapes / Tacky Tapes and Mastic Tapes, while these products added to the product range, they also widened the scope of applications, which extended to Telecommunications, Roofing, Composite Products, Cable Jointing Kits, Wind Turbine Energy and White Goods as in Refrigerators and Air Conditioners that in turn broadened our markets. There on, the company even qualified to be an Original Equipment supplier to host of Automobile Companies.

2005 was the year of consolidation Osaka emerged with the vast experience and a proven track record, it also marked the beginning of a State-of-the-Art Manufacturing facility at Palghar (East) in Thane District. Under the re-engineered manufacturing and management, ORPL manufactures Extruded and Moulded Rubber products, in addition to the Butyl Sealant Tape products at the same plant. The consolidation of the company include a strong R&D, a Nationwide Distribution network, a highly responsive after sales support and...
